MEDICAL GRADE™

# Medical Grade™ Mice

Comfort and Control  
Easy to Clean

Petite Mouse

Mighty Mouse 5

**A regular mouse just won't come clean. There are simply too many places for bacteria to get in—even if the mouse is waterproof.**

Bio burden quickly accumulates between the gears of a scroll wheel, and deep inside the mouse are places that no disinfectant can reach.

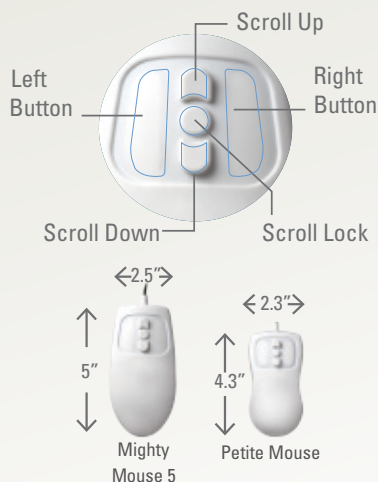

A Medical Grade™ mouse is fully-sealed and fully-functional. You'll find glide and touch instantly familiar. The innovative five-button design allows scrolling and selecting with ease. Medical Grade™ mice are available in two sizes.

Choose the size that feels most comfortable in your hand.

Medical Grade™ keyboards and mice are built by experienced hands in the American workrooms of Man & Machine, engineers of custom computer peripherals. Our family of Medical Grade™ products—keyboards, mice and mousepads—can be combined for a total computer peripheral system you can disinfect with confidence.

## Features

- May be disinfected as part of an infection control program
- Clean with any EPA-certified disinfectant
- Sealed, waterproof, immersible
- Limited Lifetime Warranty
- Three extra buttons for effortless scroll up, scroll down & scrolllock

## Specifications

- Composition: Silicone Rubber, 100% Latex-Free
- Resistance: IP 68
- Connector: USB (PS/2 available for special orders. Contact a representative.)
- Storage Temperature: -20° to 70°C (-4° to 158°F)
- Operating Temperature: 0° to 70°C (32° to 158°F)
- Voltage: 5 Volt
- Platform: Windows and Mac
- Color: Black or Hygienic White
- Weight:  
PM: 4.27 ounces (121 g)  
MM5: 4.95 ounces (142 g)
- Size:  
PM: 4.3" x 2.3" x 1.6" (110 mm x 58 mm x 40 mm)  
MM5: 5" x 2.5" x 1.3" (125 x 63 x 34 mm)
